

### **COVID-19 Precautions:**

Masks are temporarily required during this recent spike in wintertime COVID-19 cases. We have extra masks onsite if you need one. We will follow strict CDC guidelines for sanitizing and proper air flow in a health care setting. There are HEPA filters in each room for air purification.

### **Please DO NOT book an appointment if:**

- You have tested positive for COVID-19 or have been exposed to someone who has tested positive for COVID-19 in the past 10 days.
- You have the following symptoms or have been in close contact with anyone with any of these symptoms: fever, chills, cough, shortness of breath, fatigue, muscle/body aches, headache, loss of taste or smell, sore throat, congestion, runny nose, nausea, vomiting, diarrhea.

This is a home office and Montana has two young children, so we appreciate your kindness and respect regarding our COVID-19 precautions.

Thank you for your patronage and understanding. We look forward to serving you again soon!
